19. Terms and conditions of installation:

Installation and in-service (training) is included with any Nidek equipment purchase. Prior to installation Nidek will be in contact with the facility to schedule delivery and in-service for physicians and staff. A qualified Nidek representative will unpack and assemble the equipment. At the in-service, physicians and hospital staff will receive a thorough explanation and demonstration of all the salient equipment features. The representative pays particular attention to the operation and safety features. In most cases, the representative is on-site and available for the initial surgeries performed by the physician. Close attention is paid to ensure all questions are answered during the in-service procedure. Nidek's goal is that surgeons, staff and Bio-Medical Engineers have thorough understanding of the maintenance (light bulb replacement, fuses, and preventive maintenance schedules), and operation of the equipment. If required, Bio-Medical training is available either on-site or at our Fremont, CA facility at an additional cost.

20. Preventive Maintenance: Provided by Nidek.
